WASHINGTON D.C.**

The Embassy of the Republic of Rwanda to the United States takes this opportunity to remind all Rwandans, residing in the United States, Mexico, Argentina and Brazil that with the introduction of the new East African Passport (e-Passport), the old passport is being phased out.

The Embassy will be pioneering an outreach program that will facilitate new passports applicants get their biometrics services at a designated place much closer to their home states. We take this opportunity to encourage applicants to apply for their new e-passports at their earliest convenience by completing the preliminary steps through “Irembo” the online platform www.irembo.gov.rw/user.citizen/service/dgie/request_a_passport .

As International travel slowly resumes, the Embassy remains dedicated to abiding by Covid-19 safety measures and precautions but is also committed to facilitating all Rwandans residing in the United States, Mexico, Argentine and Brazil to acquire their new e-Passport.
